### **A Month of Gratitude and Giving**

November is a time when we celebrate holidays that remind us to express and pay forward our appreciation: Thanksgiving, National Philanthropy Day, Veterans' Day, and National Gratitude Month.

Every year at this time, we all try to make thoughtful and purposeful efforts to not only to give thanks for our good fortune, but to actively express gratitude for the people who matter most to us – family, friends, clients, and the men and women who have served and continue to serve in the military.

With recent fires, the pandemic and politics, the world can seem overwhelming, and yet, it is at these precise times that we can witness the most generosity and grace in our communities.

This month, we look forward to hearing about your plans for Thanksgiving and talking with you about the charities and organizations you like to support—or would like to support—through financial giving and volunteering. We know that everyone's plans will be more complex with recent events this year.

We are taking this extra moment now to let you know how much we all appreciate the trust you place in us and the relationships we have developed. Your business and success mean a great deal to us, and we are grateful to have you as our client.

We wish you and your family a safe and happy November.
